FRENCH LANGUAGE & *Culture Trip 2025*

Language, Culture & Lifelong Memories

— A Journey to the South of France

In April, our 2nd Year and TY French students had the wonderful opportunity to immerse themselves in the language and culture of the South of France, with visits to Nice, Cannes, and Monaco.

The tour began with a visit to a French language school, where students participated in two hours of engaging lessons—a perfect start that allowed them to practise their language skills in an authentic setting.

On day two, the morning was spent back at the language school, followed by a real-life language challenge: navigating a local fruit and vegetable market using their French. The afternoon featured a guided two-hour walking tour of Nice, giving students a deeper appreciation of the city's rich history and charm.

Culture Trip 2025

Day three took us by train to Monaco, where we explored the principality aboard Le Petit Train and then enjoyed time discovering the city independently.

The final day included a visit to glamorous Cannes, a tour of a traditional perfume factory in Grasse, and a walk through the picturesque medieval town of Saint-Paul-de-Vence.

This unforgettable trip offered students a fully immersive experience in French language and culture—bringing the classroom to life in the most inspiring way.
